LWV LEAGUE OF WOMEN VOTERS[®]
OF NORTH DAKOTA

The League of Women Voters of North Dakota

is a nonpartisan political nonprofit that defends democracy. We provide **education** to encourage people to vote in elections and participate in government. We also engage in **advocacy** to influence public policy that benefits the community. People of all genders are welcome.

We're grassroots.

Our members study issues and develop policy positions so they can take action. Members also provide people with election information through our voter guides, candidate forums, tabling, and events.

We're nonpartisan.

We don't support or oppose candidates or political parties. This strengthens trust in our voter services and advocacy.
